

Arcado Water Butt

Arcado

Arcado Water Butt

The 3P Arcado water butts are life like replicas of stone pillars. The realistically finished butt comes in three sizes, and three natural stone shades. With capacities of 230 litres, 360 litres and 460 litres, the butts can be filled using a 3P Filter Collector Universal.

The Arcado made from high quality PE, features a 3/4" brass threaded connection point for a screw -n tap on the front, a side outlet for draining or connecting to another butt, and a child safe lid.

Granite and charcoal butts are supplied with a chrome tap and the sandstone butt with a brass tap.

Height 230 L: 105 cm	Diameter 230 L: 60 cm
360 L: 165 cm	360 L: 60 cm
460 L: 200 cm	460 L: 60 cm

Capacity 230 L (50 gal)	Weight 230 L: 9 kg
360 L (79 gal)	360 L: 12 kg
460 L (101 gal)	460 L: 25 kg
