## 3P Water Butt Helena

The Helena amphora design brings a touch of ancient Greece to the garden. This amphora water butt has been crafted to give a realistic distressed detailed finish, and like all 3P tanks it's made from weather and UV resistant polyethylene.

A double sided tank, with one side having a more distressed antique finish. Features include brass threaded  $\frac{3}{4}$ " connection points for a screw in tap on the front and back, and side outlet for draining or connecting to another tank. Supplied with brass tap.
